"The Pianola
is
Perfection."

**Josef Hofmann—
"I unhesitatingly
pronounce the
Pianola the best
of all piano-play-
ing devices."**

You Have Chosen The Best!
The Greatest Pianists of the World Indorse Your Choice of

The Pianola Piano

Obviously there are considerations in purchasing a Player Piano more vital than the first cost. Musical worth and proven durability, the capacity to stand years of service, are more important. When these are the deciding issues on which the selection rests there is never any question as to the purchaser's choice. Such unquestioned pre-eminence has the Pianola won in all countries, that its musical and constructional superiority are accepted as a matter of course. Patented playing devices give to the Pianola unequalled supremacy. The difference in price between these celebrated instruments and player pianos of ordinary type is not nearly so great as their relative merits would justify or lead one to expect. For example, the Strand costs but \$550. We carry the complete Pianola line; newest models; come or write.
